

## Americans Leaving Nanking

Communists Span Yangtze River With Apparently Little to Stop Them

By The Associated Press  
The Chinese Communist Army machine rolled southward across the Yangtze river today with apparently little to stop it. Nationalist government officials were in full flight from Nanking, their capital.

Yangtze valley ports, towns and cities fell easy prey to the Communist forces. Observers said wholesale desertion of Nationalist troops was feared.

Acting President Li Tsung-shen, Premier Ho Ying-chin and their central front command fled to Hankow for a hurried conference with the retired President Chiang Kai-shek.

The Communist radio claimed already 300,000 troops already had crossed the Yangtze on an order to seize all of China. Although this figure is believed exaggerated, the Reds have a force of over 1,000,000 men committed to the south China war.

SHANGHAI, April 22.—(AP)—The crippled British sloop Amethyst was hit again today by Communist artillery when she tried to move up the Yangtze, it was reliably reported tonight.

It was not known if there were any new casualties.

In all, 44 British seamen have been killed and at least 82 wounded by Communist gunners in attacks on four British warships, beginning Wednesday.

Ordered Americans to Leave  
The U. S. embassy in Nanking ordered all Americans to leave. The British said it was up to British civilians themselves whether they wanted to leave.

The British sloop Amethyst, which was heavily damaged by Communist guns Wednesday limped 10 miles downstream but was again caught in a Red barrage. Three other British warships have been damaged in the past three days. British naval authorities placed the total dead at 44 and estimated at least 82 were injured.

An RAF flying boat tried to make a landing near the crippled Amethyst but was driven off by Red fire. Earlier another plane had made a successful landing near the warship and put a doctor aboard.

Passenger ships leaving Shanghai were booked solid by persons wishing to flee. The Communists are less than 100 miles from Shanghai.

Elsewhere in the World  
In London, British Commonwealth statesmen strove to find a formula under which rich and strategic India might remain closely connected with the Commonwealth. India, now a dominion, has declared her intention of becoming a sovereign republic.

Donald Henderson, an American union leader, told the "world peace conference" in Paris that American workers will refuse to lay down their lives "for all Street, Washington and the dollar." He is president of a CIO affiliate.

The head of the Russian church, Patriarch Alexei, sent blessings to the Communist-inspired Paris conference. He, like all speakers at the conference attacked "warmongers."

Comment on "Heresy Case"  
At the Vatican unofficial sources commented on the "heresy" case of the Boston Jesuit college. They said that Catholic church dogma does not maintain that no one can attain heaven except through the Catholic church and expressed surprise that a different interpretation had arisen.

The United Nations is expected to reserve judgement today on the trials of churchmen in Hungary and Bulgaria.

## Caught The Fish, That Caught Fish, That Caught Fish

AUSTIN, Tex., April 22.—(AP)—Three Texas fishermen caught the fish that caught the fish that caught the fish. They brought the 17-pound blue catfish to Bill Brill, Lake Travis fishing camp operator near here.

"I noticed the tail of a fish in the catfish's mouth, Brill related. "On cutting the cat open I found it had swallowed and was choking on a white bass weighing nearly two pounds. Then I opened the white bass and found it had been having trouble swallowing a seven-inch shad."

"I figured this had gone far enough and did not cut open the shad."

## Harry Murphy Of Tarkio Is Indicted

Charged in 83 Counts With Using Mails to Defraud

KANSAS CITY, April 22.—(AP)—Harry J. Murphy, bankrupt Tarkio, Mo., business man, was indicted today by a federal grand jury on 83 counts charging violation of the federal mail fraud and national stolen property act.

The former implement dealer and man of many enterprises was charged in 82 counts with using the mails to defraud. The remainder of the counts charged violation of the national stolen property act.

The indictment was returned to U. S. District Judge Richard M. Duncan, who set the arraignment of Murphy for Tuesday, April 26 at St. Joseph, Mo., at 11 a. m.

He said a bond of \$10,000 would be fixed at that time.

The indictment charged for a period before March 8, 1946, and continuing to July 2, 1947, Murphy devised a scheme to defraud certain named individuals by the use of false representations.

Misled Customers  
The indictment charged that through his alleged scheme Murphy misled prospective customers to believe he could obtain certain farm machinery for them, principally combines and implements that were in short supply at that time.

It also further charged that in most instances Murphy required a deposit of \$1,000 for each combine; that he would enter into contracts, promising delivery at a certain time and at a fixed price. In many instances the indictment charged, the price was lower than the regular manufacturers list price.

The indictment charged that as a result of the scheme Murphy received money from farmers and dealers throughout Kansas, Nebraska, Colorado, Oklahoma and Texas. It also charged that some of this money was brought to him at Tarkio, Mo., some of it mailed to him and other money was sent by telegraph.

Extensive Inquiry  
Sam M. Wear, U. S. district attorney here, said that an extensive investigation had been made into Murphy's business affairs by Postoffice Inspectors and the FBI.

Wear said that he was unable to give a complete statement of the amounts involved in the various alleged mail fraud counts. He said they ranged from \$1,000 and to more than \$100,000 and that he believed the total amount would run into several hundred thousand dollars.

At least in one instance Murphy is charged with having personally transported \$19,000 from Topeka, Kas., to Tarkio, Mo.

The indictment charged that through false statements Murphy led intended buyers to believe he could make almost immediate delivery on farm equipment.

More than two hundred women are expected for the two day convention.

The first business session convened at 10:00 o'clock this morning in the assembly room of the court house with Mrs. David T. Blake, president, presiding.

The AAUW clinic was held in the assembly room at 11:15 o'clock at which time Dr. Anna I. Powell of Texas, vice president of the Southwest Central Region, led the discussion on the division of the bi-laws and other issues that she might take the ideas of the Missouri convention to the national convention which will be held in Seattle in June.

The meeting was presided over by Miss Willie Whitson, second vice president.

Luncheon at Noon  
The luncheon today was held at 12:45 o'clock in the Ambassador room of the Bothwell hotel with the president of Sedalia branch, Mrs. James McNeil, presiding.

Invocation was by Miss Edyth Couey of Sedalia.

Greetings were brought by Dr. Anna I. Powell, regional vice president.

In an appropriate setting of flags of 25 different countries "Campus Crossroads," a panel of foreign students, was presented by Dr. Laura J. Naim, of the Central Missouri State college at Warrensburg. The flag collection, started in a small way, has grown to a large collection owned by the Little Rock Missouri Pacific Boosters club and was secured for the luncheon by the Sedalia Missouri Pacific Boosters club.

Most of them have been sent directly from the foreign countries as a courtesy.

Panel Discussion  
The panel discussion on the student responsibility in today's world was presented by Dr. Naim with the following young people of various countries taking part: Miss Diana Yip of China, from Northwest Missouri State Teachers college; Miss Lamaina Saradatta, Siam, from Central Missouri State college; Miss Anna Marie Conforto, Italy, AAUW inmate at Washington university; Miss Monique Marquis, France, Central Missouri State college; Miss Christiane Menzel, Germany, Park college and Miss Gudrun Gytel, Denmark, University of Missouri.

The discussions by the foreign students included their ideas on the educational needs of the world, a comparison of the educational system of their country and the United States, their reaction to attending college here and the value gained from the experience, the attitude of our students towards foreign students; the political needs of the world, the economic problems of the

Treatment For Flyer's Son

HOT SPRINGS, Ark., April 22.—(AP)—Richard Riedel, Jr., 10-year-old son of the endurance flyer, may be brought here for treatment of arthritis.

Joe McRae, president of the Hot Springs Optimist club, said today he received a letter from Mrs. Riedel saying the boy would be brought here as soon as Riedel completes his present attempt at 1,000 hours in the air.

Young Riedel is to be treated by Dr. E. H. Myers of New York, who is here making an investigation of this resort's natural hot waters and their effect on arthritic and rheumatic patients.

Baris and Riedel, to relieve the monotony of the final days, plan to fly to San Diego to appear at the Gold Cup air races Sunday. But they intend to wind up here right where they started six weeks ago.

Meanwhile, at Yuma, Ariz., two ex-combat fliers, Bud Woodhouse, 26, and Woodrow Jungward, took off yesterday in an attempt to better the Baris-Riedel venture. They plan to fly at 9,000 feet over Yuma and will be refueled via a ground-to-air system similar to that used by the Fullerton fliers.

Like Baris and Riedel, they are flying an Aeronca monoplane.

Strangers Get In Dice Game

PEORIA, Ill., April 22.—(AP)—Skill with dice resulted in arrest and fines for five strangers at a bakers convention here yesterday.

The five men rounded up by police and fined \$100 each after delegates to the Illinois Bakers Association meeting complained of losing \$2,000 to them in a crap game, were: Nelson M. Baxter, 43, Kansas City, Mo.; Dale N. Whit, 30, and his brother, Ray E. Talbot, 22, of Joplin, Mo.; Robert J. Popham and U. L. McManaman, both 38, of Detroit.

The "friendly" game in a men's wash room of the convention hotel broke up when one of the bakers got suspicious. The non-delegates grabbed the money and ran. None of the cash was retrieved.

## Fired From Policy-Making Russian Body

Name Omitted From Close Advisers To The Great Stalin

NEW YORK, April 22.—(AP)—New evidence came from Moscow today to indicate that the Soviet Politburo—Russia's top policy-making body, has fired one of its members.

So far as the western world has been able to learn, this would be the first Politburo ouster in more than a decade. The man believed to have been dropped is Nikolai A. Voznesensky, who was replaced as head of the Russian planning commission in the same governmental shakeup that saw V. M. Molotov relieved of his duties as foreign minister and brought other top level changes.

The new evidence that Voznesensky has been dropped came in a dispatch from Moscow today announcing that members of the Politburo have been elected delegates to the Soviet Trades Union Congress, now in session at the Kremlin.

The Complete List  
The dispatch contained what seemed to be a complete list of Politburo members, without mention of Voznesensky.

It named the following as the Politburo delegates and "closest advisers to the great Stalin":

Molotov, A. I. Mikoyan, who was relieved as foreign trade minister recently; G. M. Malenkov, L. P. Beria, K. E. Voroshilov, A. A. Andreyev, L. M. Kaganovich, N. S. Khrushchev, N. M. Shvernik, N. A. Bulganin and A. N. Kosygin.

In recent weeks have omitted his name from Politburo lists, the first clue that he may have been fired.

Last 100 Hours Are Hardest  
FULLERTON, Calif., April 22.—(AP)—The last 100 hours, record nonstop fliers Bill Baris and Dick Riedel say, are the hardest.

Fighting off fatigue, the co-pilots passed the 900-hour mark today and discussed plans to shorten their shifts at the controls in order to stay awake until Tuesday morning.

That's their goal — 1,000 hours at 11:44 a. m. — but it's still four days away. They cracked the old record of 726 hours last week.

Baris and Riedel, to relieve the monotony of the final days, plan to fly to San Diego to appear at the Gold Cup air races Sunday. But they intend to wind up here right where they started six weeks ago.

Meanwhile, at Yuma, Ariz., two ex-combat fliers, Bud Woodhouse, 26, and Woodrow Jungward, took off yesterday in an attempt to better the Baris-Riedel venture. They plan to fly at 9,000 feet over Yuma and will be refueled via a ground-to-air system similar to that used by the Fullerton fliers.

The committee will make investigations and recommendations which they will complete and report on within sixty days.

IRONTON, Mo., April 22.—(AP)—One Ironton high school senior was killed and five other persons were injured when two automobiles collided on a bridge on Highway 21, a mile north of Ironton, today.

Boyle Kax, 18, who with several other high school seniors were en route to a class picnic, was dead when removed from the wreckage. In his car were Jerry Scott, Dorothy Lee Edwards and Ruth Freeman, all suffering serious injuries.

## Sewell Avery Goes to Owners For Approval

Montgomery-Ward Stockholders Hold Annual Meeting

CHICAGO, April 22.—(AP)—Sewell Avery, shuffler of corporation vice presidents, drew the winning hand at Montgomery Ward and company again today.

First he and his personal choices for directors received a thumping vote of approval from the big mail order house's stockholders.

Then the directors met and re-elected him chairman.

CHICAGO, April 22.—(AP)—Sewell Avery kept his iron grip on Montgomery Ward and company today.

Avery was assured of re-election as a director of the retail merchandising firm when nominations closed without anyone being put up in opposition to him. Actual counting of votes will take an hour or more.

Directors were scheduled to meet to elect a chairman later today. There was no doubt it would again be Avery. He is the only director who is active in the day-to-day management of the company. Avery is chief executive officer of Ward's.

Several hundred stockholders attended the meeting, which had aroused greater than normal interest because of wholesale top management resignations from the company. The largest holder of Ward's stock, Massachusetts Investors Trust, refused to vote for Avery.

Others Nominated  
In addition to Avery the men placed in nomination for directors, all assured of re-election, were:

Philip R. Clarke, president of the City National Bank and Trust company of Chicago.

David A. Crawford, president, Pullman Incorporated, Chicago, a holding company for manufacturing subsidiaries.

Donald R. McLennan, Jr., vice-president of Marsh and McLennan, incorporated, Chicago insurance brokers.

The term of McLennan expires in 1950. That of the others in 1952. All have been directors previously and all are known to be friendly to Avery.

Balanced against recent resignations in the company, considered by many as an unfavorable item for Avery, was the fact that under Avery this second largest retail merchandising firm in the country has made an excellent financial record.

Some Officers Quit  
Since last summer Ward's has lost a president and nine vice-presidents. Four of the vice-presidents quit within the past two weeks. In addition, two non-management members of the board of directors, officers of the New York banking firm of J. P. Morgan and company, resigned.

Eight new vice-presidents were named by Avery last week.

Numerous rumors and guesses have been made as to the cause of the wholesale exodus of management talent. The resigning vice-presidents have insisted the only reason was personal inability to get along with Avery.

Avery has maintained an official silence in the blow-up.

Avery gained his greatest public attention in 1944. That year the government took over Ward's after the company refused to comply with a War Labor Board decision. Soldiers lifted Avery bodily from his seat in Ward's executive offices and carried him out of the building.

War II Bonus Bill Signed in Minnesota

ST. PAUL, Minn., April 22.—(AP)—Gov. Luther W. Youngdahl said he would sign tomorrow a bill giving Minnesota veterans of World War II a bonus that will cost the state an estimated \$90,000,000.

Enacted by the senate last night, the measure provides a \$15 monthly payment for overseas service with a maximum of \$400, and \$10 for domestic service with a \$270 limit for the period between Dec. 7, 1941, and Sept. 2, 1945.

Close relatives of those who died in service will receive the full \$400 under the bill.

Has 101st Birthday

CHARLOTTE, Mo., April 22.—(AP)—Charles A. Maier, a native of Germany and resident of Carroll county 79 years, observed his 101st birthday anniversary today at the home of a daughter near here.

He lives with a daughter and son-in-law, Mr. and Mrs. W. F. Winfrey.

Now for the "below" part—

Dr. Alvarez claims that women "shop too long and then take back what they buy."

"Many women cannot make up their minds quickly enough"—still the doctor talking—"and when they do reach a decision they reopen the matter again. Some women court trouble for themselves by trying to make a saintly little Lord Fauntleroy out of a normally noisy and active boy."

"And," concluded Dr. Alvarez, "women love to get themselves all upset having post mortems over old sorrows, tragedies and unpleasantnesses."

His advice to the girls: "Learn to live more sensibly and comfortably."

P. S. Yes, there were women in the audience and Dr. Alvarez was unharmed. But — a male male wrote this.

## Explosion in Inglewood, Cal.

INGLEWOOD, Cal., April 22.—(AP)—A terrific explosion rocked this suburban Los Angeles city early today when a boiler blew up at the Basin Oil company's storage tank farm.

There were no known casualties.

A series of smaller blasts followed, believed to be power transformers. The blast fired a gas main, shooting huge flames skyward. But firemen cut off the raw gas line into the plant to halt the blaze.

None of the farm's oil tanks caught fire.

The force of the blast hurled the huge industrial-type boiler off the five-acre plant to a nearby street, an estimated 100 yards.

The blast also knocked down power lines in the area, sheared off the top of a parked automobile and tumbled nearby fences.

The same plant was the scene of a disastrous blaze in September, 1948. Two women and a child were killed when 16 crude oil storage tanks exploded, sending flames of flaming oil into a nearby trailer camp.

## Missourian, Soldier of Fortune Dies

Only Man Who Ever Made Pancho Villa Apologize Publicly

LAMAR, Mo., April 22.—(AP)—One of the great soldiers of fortune of the early twentieth century—and certainly the only man who ever made Pancho Villa apologize publicly and live to tell about it—died the other day almost a forgotten man.

He was Col. Tracy Richardson, 59, who had fought under six flags. Once, single-handed he captured Managua, the capital of Nicaragua, in one of the many revolutions in the Central American "banana republics" before the first world war.

His death Wednesday in a Springfield, Mo., hospital went almost unnoticed save by his home town newspaper here. And it was only today that someone got around to passing on the word of his death.

He had come back here a year ago with a heart ailment, his fighting days long over. His ill health kept him in veterans' hospitals most of the last days.

Had Glamor  
Of all the soldiers of fortune of his day probably none had gathered more glory and glamor than this soft-spoken Missourian, who was recognized as the greatest machine-gunner of his time.

He was credited with being the only man who ever jammed the muzzle of a pistol into the stomach of Pancho Villa of Mexico, made him apologize publicly and get away with it.

He was the private scout of Gen. Frederick Funston at Vera Cruz in 1914. He fought with the Princess Pats of Canada in the first world war. He won a commission as a British naval aviator; later as an American naval aviator upon the United States' entry into the war.

Sixteen Wounds  
His body bore the scars of 16 wounds. He became a soldier of fortune when he was little more than 21 years old in Nicaragua. It was in a revolution in that country that he and another man wiped out a Nicaraguan federal regiment with two machine guns, mounted behind sandbags camouflaged with shrubbery.

# Cincinnati Remains Top In Nationals

## New York Yankees Out Front in American League

By Jack Hand  
(Associated Press Sports Writer)

Attention, Happy Chandler! Somebody is tampering with the league standings.

Cincinnati, doomed by experts to finish in the cellar, is the only unbeaten team in the National League.

The poor, old beat-up New York Yankees, supposedly hobbled by the loss of Joe DiMaggio and others, are out front in the American League.

Eddie Dyer's St. Louis Cardinals still haven't won a game and the powerhouse Boston Red Sox had to resort to bases on balls to break into the victory column.

Bucky Walters, starting his first full year as Cincinnati manager, followed the old custom of pitching lefthanders against the Cardinals. As usual, it worked.

Following up Kenny Roffenberger's opening day performance Walters called on another lefty, John Vander Meer, yesterday.

The 33-year-old veteran responded with a five-hit shutout, 5-0. Vandy, a 17-game winner last year, retired the last 11 batters in order to top Howie Pollet.

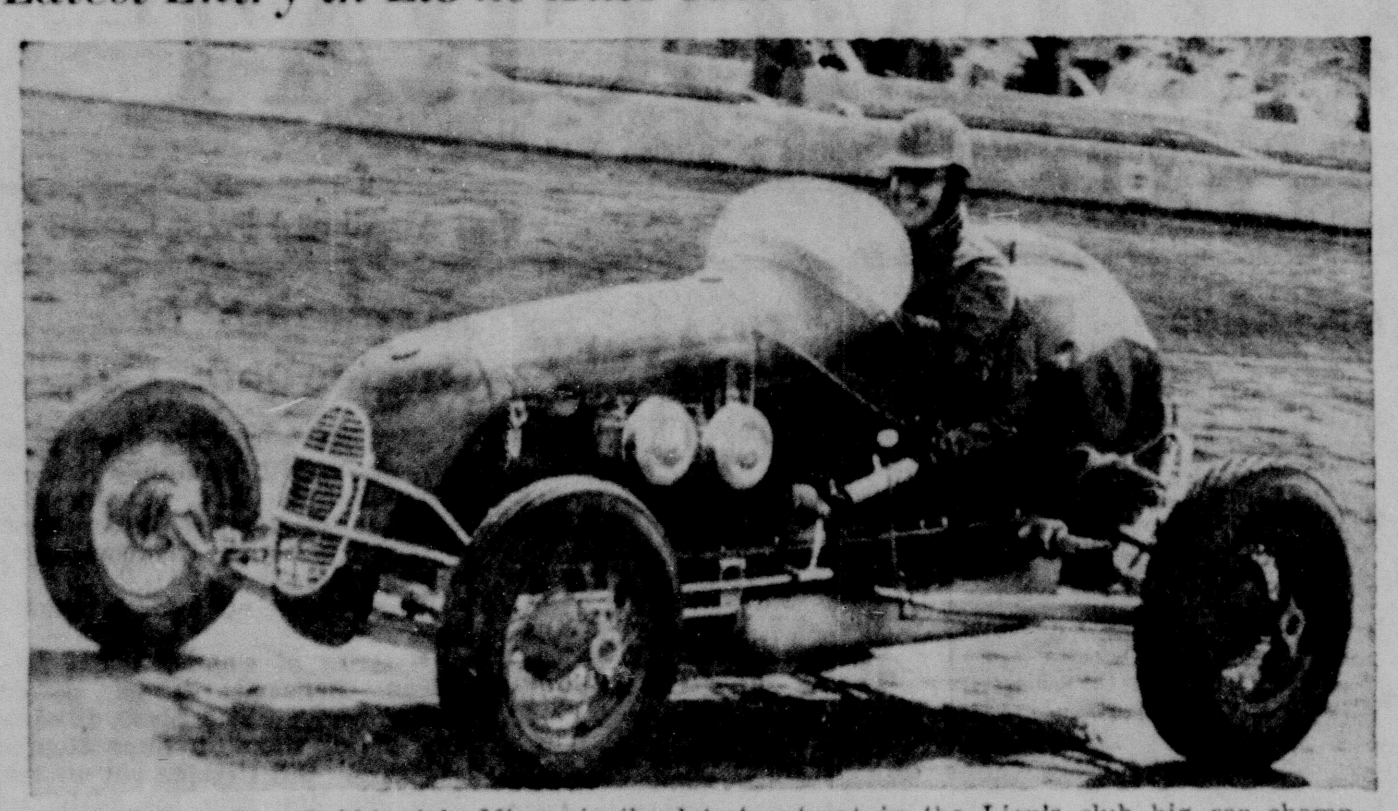

**Powerhouse**  
The power the Reds are not supposed to have, won for them. Hank Sauer and Jimmy Bloodworth hit homers, each with a man on base, to ruin Pollet's first start.

The Yankees replacements came through to give Manager Casey Stengel a third straight victory over Washington, 2-1. Johnny Lindell, playing in DiMaggio's old spot in centerfield, started the winning rally against Forrest Thompson with a single in the last ninth. After an error, Hank Bauer, Charley Keller's sub in left field, came through with a game-ending double.

Cleveland warmed up for its home opener against Detroit today by thumping St. Louis, 8-2, with the help of homers by Larry Doby and Joe Gordon.

**Athletics Shutout**  
The Boston Red Sox untracked themselves to salvage the finale of their series with the Philadelphia A's, 4-0. It was a scoreless battle between Phil Marchildon

# Latest Entry in Lions Auto Races

"Rapid" Russ Lee, Robbinsdale, Minn., is the latest entrant in the Lion's club big car championship auto races at the Missouri State Fairgrounds in Sedalia Sunday afternoon, May 1. Lee, driving a new 257 cubic inch Offenhauser, will be making his first Missouri appearance since 1939 when, as a new driver he was one of the top money winners at the fair. State and sectional champions from all over America are entered in the Lions' spring classic.

and Mel Parnell until the ninth. Two walks with the bases loaded and a single by Parnell gave the Sox their margin.

Chicago finally stopped Johnny Groth's home run spurge, trimming Detroit, 5-2. The White Sox pitchers "held" Groth to one single in two official at bats. He also walked once and was hit by Howie Judson, the winning pitcher. Lou Kretlow, who lasted until the sixth, was the loser.

**Slugged Two Homers**  
Leo Durocher's New York Giant sluggers finally hit their home run stride to ruin the Brooklyn Dodgers' Preacher Roe, 4-1. Homers by Sid Gordon and Mickey Livingston, each with a man on, accounted for all runs with Clint (Floppy) Hartung turning in a neat four-hit job.

Bob Scheffing hit a two-run homer in the eighth for Chicago's 4-3 edge over Pittsburgh. Emil Kush, who came on after Walt Dubiel left for a pinch hitter, was the winner over Bob Muncrief, making his first start as a Pirate after his purchase from Cleveland.

The Boston Braves and Phillies were not scheduled.

**Crucial Week On Derby Entries**  
By Kyle Vance  
LEXINGTON, Ky., April 22—(P)—The next seven days are marked "crucial" on the calendar of a dozen or more Kentucky derby candidates doing their conditioning chores on Kentucky soil.

Six were named Thursday for an important test at Keeneland today. A field of six or more shaped up for the traditional derby prep, the \$20,000 added Blue Grass Stakes, a week later.

Roll call of derby prospects could almost be taken in Kentucky today. Answering would be Johns Joy, Old Rockport, Sport Page, Ky. Colonel, Halt, Provocative, De Luxe, Ponder, Petey Cotter, Shakeme, Lextown, Jacks Town, Senecas Coin and Roundleer. There are others whose chances of starting in the big race have been dimmed.

Six of the list training in Kentucky could be tabbed today as almost sure derby starters. They are Johns Joy, owned by J. A. Kinard, Ky.; Old Rockport, owned by Clifford Moores, Ky. Colonel, owned by J. A. Goodwin; Halt, owned by Mrs. Royce G. Martin; De Luxe, owned by Calumet Farm and Provocative, owned by Mrs. Emil Denmark.

Four of that six will limber up their derby legs in a six and one-half furlong allowance affair at Keeneland tomorrow. Ky. Colonel, making his three-year-old debut, will command the spotlight, but sharing attention will be Halt, an impressive winner at Keeneland last week; Provocative, loser to Old Rockport on an off track last week, and De Luxe another winner this week. Petey Cotter, a strong campaigner at New Orleans this winter, and Calumet's Ponder round out the field.

The strongest of the Kentucky contenders are Johns Joy, which lost to upset-minded Plumper, a six-year old, last week but gained support by beating such older horses as Bewitch and Shy Guy and Old Rockport, the Santa Anita derby winner, which showed he had lost none of his edge by trimming Provocative and Irish Sun last week.

Sport Page could be tabbed a good bet to start in the Diamond Jubilee derby except for a minor ailment that has delayed his training. Right now, he is doubtful.

# Annual Meet Opens With A Decathlon

Bill Terwilliger Is Favored to Capture Events

LAWRENCE, Kas., April 22.—(P)—The decathlon, an annual meet feature, touches off the 24th running of the Kansas relays today.

More than 700 athletes representing 156 universities and colleges have entered the relays. A favorite to capture the ten-event decathlon is Bill Terwilliger, who won the national championship at Chicago in 1942 as a Northern Illinois Teachers college student. He now is a graduate student at Wisconsin.

The five events were scheduled for competition in the 100 meter run, broad jump, shotput, high jump and 400-meter run in that order today. The 110 meter hurdles, discus, pole vault, javelin and 1,500-meter run will be held tomorrow.

Other entries are Jim McConnell of Nebraska, who placed sixth in a much stronger field here last spring; Jimmy Smith, Oklahoma University sophomore; Dor-West Short, Caruthers, Calif., high school student and Cornelius Anderson of Missouri Valley college.

Charles Baker of Arkansas won last year's decathlon. Tomorrow's Schedule Preliminaries and finals in other individual and team events are scheduled for tomorrow. Byrl Thompson, Minnesota strong boy, is expected to lead an assault on records that may see five marks broken.

Thompson won the discus throw as a Camp Grant (Ill.) soldier in 1946, and has a mark of 169 feet, 2½ inches in competition this spring. The meet record is 171 feet, 6¼ inches by Archie Harris of Indiana in 1941.

Close competition is expected in most events. The 100 yard dash likely will be won by a split second margin with such boys as Don Campbell, Colorado's Big 7 indoor 60 yard champion, Jerome Biffle, of Denver, and Texas' flyin' Charlie Parker participating.

One of the more popular events will be the "Glen Cunningham" mile featuring Don Gehrmann of Wisconsin. Jerry Thompson, Texas graduate student, and the veteran Tarver (Cy) Perkins of DeKalb, Ill., representing the Illinois Athletic club.

# The Daily Washington Merry-Go-Round

by Drew Pearson

WASHINGTON, April 22—The more you probe into the record of the late George Berry, president of the Pressman's Union, the smellier the mess becomes. Also, the more difficult becomes the job of union locals to clean up the mess.

Five locals have now asked for a thorough investigation of Berry's will and the manner in which he robbed his own union. They are: San Francisco, Seattle, Indianapolis, Washington and the chapel of the New York World-Telegram. However, the union's executives, who long let Berry get away with almost anything he wanted from the union's treasury, want to conduct the probe in their own way. They don't appear happy about outside interest.

However, for the sake of all other honest labor unions in the USA, the case of the Pressman's union appears to be one where President Green of the A. F. of L. should appoint a trusted A. F. of L. attorney to work with the justice department in protecting the rights of all union members.

Otherwise, it will be very difficult for union locals to act. For here is an illustration of what happened in the past when one local challenged the honesty of President Berry.

In 1920, the Chicago local of the union did challenge Berry, accusing him of using union funds to finance the Clinchfield, Tenn., Hydro-electric corporation, which Berry owned. The Chicago local sued, proved its case and got a \$165,000 judgment against Berry, in the course of which U. S. district Judge A. M. J. Cochran said:

"It may be that in their wisdom, the union members may want Mr. Berry still to rule over them notwithstanding the findings made here. In the 1920 convention he said that the unions would fight like hell. That describes him. He has fought like hell in this case to keep the truth from being known."

**Berry Was Czar**

The aftermath of this case, however, was most significant. Although the judge rendered a \$165,000 judgment against Berry, it was never paid, since he controlled the union, the judgment was forgiven.

Furthermore, the Chicago local which brought the suit was penalized. The union officers in charge were thrown out and a steward was appointed by Berry to run the union.

For years afterward, Berry ran the Chicago local through a steward. This he had the power to do under the union's by-laws.

Meanwhile, the U. S. treasury's files against Berry are almost unbelievable. The pressman's head was given one year in jail for income tax evasion, but since he threw himself on the mercy of the court, the government did not have to prove its case and none of the amazing details were ever published.

However, one of the unbelievable ways in which Berry cheated his own union was by buying a hunting lodge in Canada out of union funds for \$7,500. Then he sold it back to the union for \$24,000. In other words he sold to the union a hunting lodge which he already owned, and pocketed the price — \$24,000.

Berry and other union executives were also allowed \$9 a day for traveling expenses. However, they construed this to mean \$9 a day whether they were traveling or not, and Berry drew that amount every day even while at home.

However, when he traveled, he had the hotel bill sent to the union so that he collected twice. This was in addition to the \$9 a day.

Between the years 1926 and 1941 Berry reported an income of \$74,000. However, the U. S. treasury, checking up on his revenue, arrived at the figure of \$342,000 instead. And when they prosecuted Berry for income-tax evasion, it is interesting to note that Berry dipped into the union treasury to pay his defense attorney's fees — to the tune of \$100,000.

In other words the union paid the expense of defending Berry for cheating the union.

Note — One reason for Berry's heavy expenses was that he was supporting two Mrs. Berries — his own wife, and a Mrs. Alva Berry, who lived on one of his nearby farms in Tennessee.

**Navajos Plead**

Weatherbeaten Navajo and Hopi Indians sat in the thick-carpeted, mahogany-decorated room of the House public lands committee the other day and told a story of governmental neglect.

Shepherded by forthright Norman Littell, their counsel, the Navajos told how the most modern country in the world has given them not one high school on their entire reservation.

With 24,000 children on a reservation the size of West Virginia, the U. S. government has given the Navajos schools for only 6,000.

Sam Akheah, chairman of the Navajo tribal council, told the story eloquently.

"It is difficult to sit here in this beautiful building and dis-

## Queerest Bird We Ever Saw

cuss the deplorable conditions on our reservation," he said. "In some cases our people must travel 400 miles over almost impassable roads to reach the nearest hospital."

"We need roads, hospitals, and — most important — schools," he begged. "Most of our children must grow up without schooling."

Eighty per cent of the Navajos are illiterate and 65 per cent cannot speak English.

Remarked Rep. John Murdock, Arizona Democrat: "If the Navajos could live on scenery, they'd be rich indeed."

Note — If the Navajos could collect royalties they claim from the Vanadium corporation they would be wealthy. They own some of the best Uranium deposits in the world, but through a technicality have had difficulty collecting royalties.

### Isolationist Lobbyist

The isolationist Republicans who tied up the senate for two weeks with their long-winded arguments against renewing the Marshall plan were kept going largely by a \$6,700-a-year clerk. He is Albion Beveridge, who gathered research, wrote speeches and openly consulted on the Senate floor with opponents of ECA.

Technically Beveridge is on the payroll of Senator Langer of North Dakota, though Beveridge has nothing to do with North Dakota affairs. His only assignment is international research, and he has Senator Langer's permission to work with other senators.

Beveridge claims he gets no outside pay. Only last year, however, he was able to raise huge sums to campaign against Margaret Chase Smith of Maine in her race for the senate. Senator Smith is vigorously opposed to isolation.

### Hawaiian Statehood

It won't be announced officially, but Gov. Ingram M. Stainback, the ex-Tennessean who now governs Hawaii, is in for rough sledding with the Truman administration and may be eased out sometime this summer.

Reason is that Stainback is working like a beaver behind-the-scenes against statehood for Hawaii — despite the fact the Truman administration is on record for statehood.

Stainback has been quietly telling congressmen that Communism is rife in Hawaii and has been raising bugaboos about a Japanese menace. This conflicts directly with the reports of all army commanders in Hawaii during the war, who pay tribute to the devotion of the Japanese-American populace.

Immediately after Pearl Harbor rumors got abroad of Japanese sabotage. They were later found to be false, however, and completely denied by the army. In addition, army commanders have

paid the highest tribute to the Japanese-American 442nd regiment, which fought so heroically in Italy. Secretary of War Patterson, coming back from the Pacific, told how General MacArthur would never have been able to operate his "intelligence" without Japanese-Americans on his staff to intercept radio messages and translate them.

However, in Hawaii, economic rivalry between native Americans and Japanese-Americans has increased since the war and with it some of the natives have cooled on statehood.

Mrs. Kamokila Campbell, a descendant of Hawaii's famed monarchs, who derives a large income from the local Campbell estate, is reported to be privately opposed to statehood. A leader of the Hawaiian race, she is being urged by John Williams, an active propagandist against statehood, to come to Washington to testify against Japanese economic and political influence in the islands.

Meanwhile, President Truman and the interior department re-

main 100 per cent for statehood for both Hawaii and Alaska.

## Don't Let Dog Bite Postman

JEFFERSON CITY, April 22—(AP)—If your dog bites a postman—watch out. It may cost you under a bill advanced by the House Wednesday.

The bill makes dog owners liable for damages if their pets bite persons performing official duties.

Introduced by Rep. Charles A. Witte (R) of St. Louis county, it excludes persons invited to the home of the person owning the dog.

The house also gave tentative approval to a measure barring automatic computer pumps in Missouri.

Rep. Milton F. Duvall (D) of Pike county said one state, California, has been swamped with these serve-yourself machines, and is now trying to pass a law prohibiting them.

Duvall said the bill is intended to bar the use of this type of equipment. Young, inexperienced persons or drunks could not only burn up their own car, but an entire city block, he said.

Also advanced was a measure authorizing the federal government to condemn property for hospital sites.

## General Synod Votes to Merge

CLEVELAND, April 22—(AP)—The General Synod of the Evangelical and Reformed church approved Thursday, 249 to 41, final basis of a merger with the Congregational Christian churches.

The vote was on a resolution approving a set of interpretations adopted by the Congregational Christian churches' general council in Oberlin, O., last fall.

The General Synod and 33 of the denomination's 34 synods already had approved a Basis of Union for uniting the two denominations.

The next step will be for the 34 synods to consider the Interpretations.

## Suffering

Suffering is one of the primary problems of life. There is an element of mystery in the very fact of suffering. But even though the Christian does not understand the nature of sorrow or pain, he accepts it willingly. Has not Christ said: "He that taketh not up his cross and followeth Me, is not worthy of Me?"

It is unfortunately true that suffering can depress a man and make him resentful and bitter. Recently the whole nation was shocked over the tragic fate of a three-year-old California child who fell into an abandoned well and died even while desperate efforts were being made to rescue her. Reading of this seemingly purposeless tragedy, some might have been tempted to cry out against the "cruelty" of God.

But the realist knows that suffering is an inseparable part of living. Even a new born babe suffers as its eyes first meet the light of day. Often good, clean-living men and women are doomed to endure painful, sometimes crippling diseases, while others leading corrupt, sinful lives enjoy an abundance of health and prosperity. The meaning of all this is inexplicable. But faith reassures us: God must have some fundamental reason for permitting suffering; else He would not permit it.

Whether we suffer or not, we should bear in mind that however cruel and needless suffering may seem to unperceptive minds, it is a means through which man has achieved the highest in human character. The hero is not the individual who attains his goal with relative ease, but the one who fights hardship and setbacks until he finally achieves his objective. Would our admiration for such a noble figure as Abraham Lincoln be as great if this man had not endured and triumphed over the sorrows and trials that cast a pall over his life.

The greatest lesson in regard to suffering is to be found in the two thieves who were crucified with Christ. Both these malefactors found their pain excessive; both blasphemed and cursed their miserable fate. But one—Dismas—was so impressed by the patient endurance of Christ that he ceased to blaspheme and instead offered a humble prayer of faith and love.

We know what happened then. In the second of his reform, that moment when the merciful Savior promised him a share in His Father's kingdom, the sufferings of Dismas turned to patience and joy. Here is a supreme consolation to all who are tempted in the hour of testing to cry out against the crosses laid upon them.

## Sunday School Lesson

**Self-Control is the Essence of Temperance**  
By William E. Gilroy, D. D.

This is a temperance lesson. Temperance lessons were formerly built around the principle of total abstinence from alcoholic liquors. That principle has been basic in such organizations as the WCTU and various temperance societies, and in the main it has been the emphasis in temperance activities in most of the Protestant churches. But it requires very little observation to note that in respect to this there has been a great let-down among church people in recent years.

From the standpoint of health I have never forgotten what a prominent labor leader said to me years ago. He had joined the church of which I was then pastor, after never having been inside a church door in 12 years. He was an habitual, but very moderate, drinker, and I used to poke some fun at him about the habit. He surprised me one day by informing me that he had been on the water-wagon for three months. But he had also surprised himself. "My word," he said, "I feel better. I thought I couldn't be healthy without a couple of glasses of beer a day, but I have never felt so well." I think his experience would be that of many others who would follow his example.

A newspaper writer once described me as "a dry, but not

a fanatical dry." I took it as a compliment. There has been too much dry fanaticism, but also a great deal too much wet fanaticism.

Liquor has of late become more strongly entrenched in social custom, and social custom takes on in this respect a somewhat exacting and domineering aspect. The normally social abstainer, who would not hesitate at a party to decline courteously a cup of tea, or a cup of coffee, hesitates to decline a cocktail, lest he be regarded as socially unco-operative or peculiar.

For my own part, when I have been offered liquor, as has happened even on pastoral visits, I have been wont to say that I am as dry as the Sahara, but that I am neither Pharisaic, nor apologetic, about it. I am not Pharisaic, for I know that far better men than I drink habitually. But I am not apologetic for I resent the social imputation that I should eat or drink what I neither want, nor like, and particularly something which implies a great deal of personal and social unhappiness is associated. It is my feeling that the habit, the drinker, rather than the abstainer, who ought to be on the defensive.

But all this leads up to the plain truth that it is self-control that is the essence of temperance. And the highest form of self-control, which implies a self capable of controlling, is the control of the spirit of God in the inward life. With that well established one cannot far go astray, whatever his reactions to the problems of conduct.

Fellowship at 6:30. Evening worship at 7:30. The evening message will be brought by our district superintendent, Dr. E. W. Bartley. The service will open with a half hour of gospel singing, with Joan Harrell at the organ. Mid-week service at 7:30 on Thursday evening.

## CHRISTIAN SCIENCE CHURCHES

**"PROBATION AFTER DEATH"** is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 24, 1949.

Golden Text: Ps. 138:8.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory." (1 Cor. 15:54) The Lesson-Sermon also includes the following passage from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The true idea of God gives the true understanding of Life and Love, robs the grave of victory, takes away all sin and the delusion that there are other minds, and destroys mortality." (p. 323)

**Study Hour**  
Jehovah's Witnesses will hold a study in the Watch Tower subject, "The Willing Burden of the Free and Strong," Romans 15:1, followed by a study, "Palace of the Theocrat" taken from the book "The Kingdom Is At Hand." Sunday 2:00 p. m. at Kingdom Hall, 721 East Third.

An English doctor is said to require a clientele of 1400 to 1500 patients to earn a fair living.

THE STORY: Mr. and Mrs. Roberts' lodgers, including Roger, create new problems as they come to make the Roberts' home, their home. But because the guests, especially Captain Dick Morgan's family, enjoys the yard so well, Mrs. Roberts feels that her home is being appreciated—in spite of her many headaches.

XXIV  
OUR garden was so appreciated that summer, and such a lot of young people spilled over and brought picnic suppers with them, which also spilled over, that we decided we needed some outdoor cooking equipment. It would save us a lot of tramping in and out of the house for coffee, salt and pepper, mayonnaise, paper plates, paper napkins, ice—all the thousand things which picnicking requires and which are remembered one at a time. So we got a rolling barbecue grill on which the coffee could be made out of doors, potatoes baked or a casserole heated, and even steaks or chickens or chops or hamburger broiled.

Then we dreamt up a chuck wagon or sort of mobile kitchen cabinet and serving table combination, and called our neighborhood handyman in to build it. The carpenter's version, built to my specifications, took on the precise shape and proportions of a piano box. There were wheels at one end and long handles protruding from the other.

At first it looked like a monstrous wheelbarrow. But by the time I had painted the front and back white, so the decal Bulgarian figures would stand out; the wheels and handles, black; the inside yellow and white; and applied the over-all pattern: a decal border of flowers, fruits, saucy vegetables, and little figures, it could have been entered in any class of art. Personally, though prejudiced by a hundred dollars cash outlay, several nights of lost sleep while planning it, and several days of work decorating it, I thought it looked like a ravishing Old Country barrel organ.

ROGER thought the barbecue so absolutely out of this world that one exposure to it of the Russian colonels stationed in Great Falls to oversee Russia's Lend-Lease, would so amalgamate U.S.A.-Russian relations that it was our duty, if nothing more agreeable, to have them for a supper in the garden. "Just highballs first and then broiled chickens and a casserole and salad bowl and homemade ice cream and coffee," he said. "Something easy like that. They're musical. Better have Rob bring home Shostakovich's new symphony. Be a nice touch."

"How many of them will there be?" I asked, ignoring the touch.

"There's be Colonel Bolovitch and Colonel Kolovitch and Colonel Dolovitch. And their wives, of course."

"That's six," I tallied. "Rob and you and me. That's nine."

"We'll have to have their interpreter, Colonel Bolovitch speaks a little English, but the others don't know a word. We couldn't possibly manage without the interpreter."

"That's ten."

"Well, yes, but you see the interpreter has a girl friend. We've got to include her. He's going to have a rough evening passing the conversation around for so many people, anyway. He ought to have some fun out of it."

"Eleven," I said.

Roger went on, "It doesn't sound very courteous, not having the colonel from the Base."

"What colonel? We have three already."

"I mean Colonel Cartwright, the new C.O. He'll hear of the party he works with the Russians—and he'd be an addition, anyway. He'll help talk to them."

"He speaks Russian?"

"No. But he knows how to make signs. He's used to it."

"All right. That's twelve," I said with finality.

"Colonel Cartwright's wife," Roger rebuked me.

"Thirteen, then."

"You can't have thirteen. Someone might be superstitious. I'll ask a girl to make fourteen."

"Fourteen and no more," I said firmly.

"Roger," Roger answered. "I'll do the inviting tomorrow."

## Convicted in Murder Case

**Jury For a Life Term to Arthur Lee Bradley**

MEXICO, Mo., April 22—(AP)—The man who said he wasn't there was convicted of first degree murder Thursday in the holdup slaying of Roy Eubanks, Moberly filling station operator.

He is Alfred Lee Bradley, 30, the last of five men arrested and charged with first degree murder in the case.

A jury of nine men and three women deliberated for 45 minutes and then returned the verdict of guilty and recommended a life term.

Bradley remained calm during the reading of the verdict. His attorney said he would file a motion for a new trial.

During the trial, which began Monday, the defendant had taken the stand to deny that he was at Eubanks' filling station December 7, 1947 when some men held up a card game, took \$1,300 and fled, leaving Eubanks mortally wounded.

Instead, Bradley said, the victim had talked to him several times about arranging a hold-up of card games in the place.

"The week before the robbery he talked to me again in Moberly and proposed the whole plan," he testified.

**Two In For Life Terms**  
Support for his contention came from Jack Babcock and William Wiley, who pleaded guilty and now are serving life terms for the murder.

Bradley, they said, had no connection with the crime.

But Herman Alva Robinson, one of two men still awaiting trial, had different version. Testifying for the state, he pointed Bradley out as the "finger man" and declared that Bradley shared in the loot.

The fourth man in the case, Arthur Schofield, is undergoing a 30-day examination at the state hospital in Fulton.

All but Bradley are Kansas City men.

Robinson in his testimony for the state related that Bradley had proposed the hold-up saying there was "a big card game down at Moberly we ought to get ten or twenty thousand out of."

He said Bradley drove the four other men to Moberly, but that he and Bradley remained in the car outside the filling station during the hold-up.

"When we all got back in the car," he related, "everybody started giving Schofield hell for shooting Eubanks."

The case was brought here on a change of venue from Randolph county.

## Secretary of Army Royall Resigned

WASHINGTON, April 22—(AP)—Army Secretary Kenneth C. Royall, the first man to serve in that position with the unification of the armed forces, resigned on Thursday.

President Truman announced acceptance of the resignation at a news conference. In a statement to the President, Royall wrote that he was convinced that "war is not imminent."

Royall's successor has not been chosen. He wrote Mr. Truman in one of two letters of resignation which the White House published that he wanted to return to private life and added:

"My recent personal inspections in the overseas theatres have shown the army everywhere to be in excellent condition and have confirmed my belief that war is not imminent."

Royall, North Carolina lawyer who had the World War II army rank of brigadier general, visited 22 countries in Europe last fall and then made a survey trip to Japan and Korea. He was the last secretary of war before becoming secretary of the army with the unification of the armed services in the new department of defense.

In making his announcement on Royall Mr. Truman said he did not expect many other changes soon but commented that there always will be changes. Then he went on to say that it takes an iron man with an elephant hide to serve the government.

D. K. E. Bruce Envoys  
WASHINGTON, April 22—(AP)—President Truman Thursday announced he is appointing David K. E. Bruce as ambassador to France.

Bruce has been serving as mission chief to France for the ECA. The president said that Jefferson Caffery, now ambassador to France, is returning home to be given another assignment.

He did not disclose what that assignment will be.

Barry Bingham, Louisville, Ky., editor-publisher, Thursday was appointed Marshall plan mission chief to France.

He succeeds David K. E. Bruce, Economic Cooperation Administration Paul G. Hoffman announced Bingham's selection. The Kentuckian will assume his new duties following senate confirmation of Bruce's nomination.

## Bill For Free Vaccination

JEFFERSON CITY, April 22.—(AP)—Missouri farmers could get free Bang's disease vaccination for their calves under a bill approved by a House committee on Thursday.

It provides that any person may ask the state department of agriculture to vaccinate his calves between the ages of four and 12 months.

Robert T. Thornburg, state commissioner of agriculture, told

## Want Gasoline Dyed Purple

JEFFERSON CITY, April 22.—(AP)—A group of representatives wants to see that tax-free gasoline is not used on Missouri's roads and highways.

They introduced a measure

the committee it would cost about \$250,000 a year to carry out the program.

There are about 500,000 calves in the state, he said, but half of them would be sent to market and would not require a vaccination. He estimated it would cost about \$1 a head and would take about two years to put the program into full operation.

County deputy veterinarians probably would do most of the work, he said, supervised by the state agriculture department.

The bill, introduced by Reps. Claude R. English (D) of Moniteau county and W. D. Dowdy (D) of Ripley county was approved by a vote of 25 to 0. Three did not vote.

Thursday providing tractor gasoline—the type of motor fuel not used in vehicles on the roads—be dyed purple. The dyed fuel would be easy to check if anyone tried to use it in an automobile or truck.

If a user of tax free fuel refused or failed to sign a certificate that the fuel would not be used on the roads he could be convicted and sentenced to up to two years in prison.

If someone was found to be using dyed gasoline in an automobile he could be convicted of a misdemeanor, subject to a fine of from \$100 to \$500 or jail sentence from three to six months.

## Housing Bill Voted By Senate

By 57 to 13 in Approval of Plan After Flare-up In Heated Debate

By Marvin L. Arrowsmith  
WASHINGTON, April 22 (P)—The Senate Thursday night passed the long-range housing bill providing for a vast slum clearance program and construction of 810,000 public housing units during the next six years.

The measure also calls for a farm housing program and research to cut building costs.

The vote was 57 to 13. The bill now goes to the House.

The vote came shortly before midnight after a long, wrangling session in which tempers frequently exploded. Once Senator Taft (R-Ohio) angrily accused Democrats of making a "deal" with Senator Langer (R-ND) to induce Langer not to launch a filibuster.

**Reject Segregation Proposal**  
Earlier in the day the Senate rejected, 49 to 31, a proposal to bar segregation on the basis of race, creed or color in the renting of public housing.

It was sponsored by Senators Bricker (R-Ohio) and Cain (R-Wash.), who also offered unsuccessfully a sheaf of other amendments.

The fight against the Bricker amendment was led by advocates

## Jet Crash Kills Congressman

This is a general view of the wreckage of the army jet fighter plane in which Representative Robert L. Coffey, Jr., was killed when it crashed at an Albuquerque, N. M., airport during a take-off. Representative Coffey, 30, was enroute to California. He was a Democrat from Pennsylvania. (NEA TELEPHOTO)

of President Truman's civil rights program. They said they regarded the amendment as a move to kill the housing bill.

On the other hand, those for the amendment said it provided an opportunity for those really in favor of civil rights to demonstrate it.

Several amendments were adopted. Senator Taft won acceptance of one limiting to 200,000 the number of subsidized public housing units that could be built in one year. He said the bill would have permitted 250,000 a year. He expressed concern that completing the program too quickly would "take supplies and labor away from private builders."

Taft, a backer of the bill's major provisions, offered an amendment to strip from it a provision calling for \$12,500,000 in grants for the improvements of substandard farms. Taft holds that the farms in question are uneconomic and there is no justification for spending the money on them.

Langer was quickly on his feet, threatening to talk all night against the Taft amendment.

Later, Sen. Maybank (D-S.C.), chairman of the senate banking committee, spoke to Langer, and soon Langer sat down and let the amendment come to a vote.

**Amendment Carried**  
The Taft amendment was defeated and Langer then moved to double the \$12,500,000 fund. His amendment carried.

Taft stormed: "We all saw the deal made right here on the senate floor." There isn't any question the (banking) committee bought off Mr. Langer with \$12,500,000 to shut off his filibuster."

Sen. Neely (D-W.Va.) told the senate Taft's move to wipe out the fund was typical of the Republican party's attitude toward the farmers.

Sen. Capehart (R-Ind.) took exception to that. He said only \$1,000,000 would be spent on the farms the first year. If that were divided up equally, he said, it would give each of the nation's farmers a total of six cents.

## Body of Man is Found in River

MARSHALL, Mo., April 22—(P)—C. L. Lawless, Saline county coroner, said three men Thursday found the body of a man lodged in pilings in a bend of the Missouri river near here.

The coroner said the body was that of a man about 50 years old and weighing between 225 and 250 pounds. Found on the body were a Swiss watch and a pair of heavy work shoes.

Lawless said he believed the man had been dead about three weeks or a month. The body, he said, bore marks of blows about the head.

The body was found by O. G. Bristow, Sr., his son, O. G. Bristow, Jr., and Francis Hicks, while in a boat.

## Huge Sum In Plan To Rearm

Acheson Lays it Before Senate Group to Help Nations in Pact

WASHINGTON, April 22—(P)—Secretary of State Acheson laid before the Senate foreign relations committee Thursday a program to spend about \$1,130,000,000 in the next year to help re-arm North Atlantic nations.

In addition, arms would be furnished to other nations to bring the total estimated foreign arms outlay to \$1,450,000,000 for the year beginning July 1.

Chairman Connally (D-Tex.), who announced the program after a five hour closed committee meeting, said the overall program includes aid for Greece and Turkey.

The bulk of the money would go to strengthen European nations which joined in the Atlantic treaty now awaiting ratification. It proclaims their intentions to act in mutual defense in case of attack.

Meanwhile, President Truman told a news conference that no peace feelers from Russia have come his way. This was his reply to a question about recurrent rumors that Soviet overtures to

resume four-power talks on Germany are about to be made.

**To Strengthen Defenses**  
The state department moved on a broad front to bolster diplomatic and military defenses against Communism in trouble spots abroad.

These were highlight developments in the capital: The department assailed the "World Peace Conference" in Paris as another in a series of Communist moves "to make people think that the Soviet Union alone favors peace."

2. Top state department officials pressed new consultations with the British and French foreign offices on what to do if the western Germans reject the three-power proposals for a separate west German government. The talks opened yesterday after the powerful German Socialist Democratic party spurned allied restrictions on a new constitution for the federal state.

3. Three Soviet satellites—Romania, Hungary and Bulgaria—were served notice that this country plans "further appropriate action" to back up its charges they violated their peace treaties by persecuting religious leaders. The state department said the American government shortly will begin consultations with the "other interested signatories of their peace treaties" to determine what should be done jointly.
